Once established at the bottom, your instructor will provide simple yet effective instructions on how to use the equipment to safeguard each other on the wall, a technique called belaying. Your guide will set-up the rope systems and you will have an opportunity to climb a variety of routes ranging from “easy” to “challenging”. Your guide will ensure safety and provide coaching as you engage the challenge beside the Athabasca river. You’ll return to the office 4 hours after meeting. Depending on conditions, we look for an opportunity for people to increase their connection with this landscape by using ropes to explore some of these features more intimately in a safe and controlled manner. LAKES FOR SWIMMING

LAKE ANNETTE

Stroll the 2.4 km paved path encircling this local hotspot (*watch for interpretive signs that name nearby mountains*) before laying out a blanket on the beach and heading for a dip. There are also picnic tables, fire boxes, a playground, cooking shelter, changing rooms and an overall chill, family-friendly vibe.

Location: Just after leaving JPL, take a right towards Lake Annette.

LAKE EDITH

A bit less populated than Lake Annette, but no less beautiful. Edith’s 4.9 km path around is more ensconced in the trees, and the beach doesn’t have quite as many amenities.

Location: Just north of Lake Annette, along the same road.

PYRAMID LAKE

Four beaches and lots of picnic areas with fire pits. This is a popular spot for fishing (*pick up a fishing license and supplies at Online Sport and Tackle on Patricia Street on your way*). Be sure to check out the iconic bridge connecting to Pyramid Island too!

Location: At the end of Pyramid Lake Road, approximately a 7 minute drive from town.

JASPER LAKE

If wading in the water is more your style, you might enjoy taking in the stunning views at Jasper Lake. Technically, this shallow body of water beside the highway is part of the Athabasca River, but the channel is so wide in this part that it’s essentially a lake. With a parking lot, new outhouse bathroom and a stretch of beach, it makes a scenic pit stop on the way to or from JPL.

Location: Beside Highway 16, about 20 minutes from Jasper.

PATRICIA LAKE

This companion area to Pyramid Lake offers picnic areas with fire pits and access to the lakeshore. A little less sandy here, but a little quieter too. Fishing is also popular on Patricia Lake.

Location: On left hand side of Pyramid Lake Road, just before Pyramid Lake.
