LAKES FOR SWIMMING

LAKE ANNETTE

Stroll the 2.4 km paved path encircling this local hotspot (watch for interpretive signs that name nearby mountains) before laying out a blanket on the beach and heading for a dip. There are also picnic tables, fire boxes, a playground, cooking shelter, changing rooms and an overall chill, family-friendly vibe.

Location: Just after leaving JPL, take a right towards Lake Annette.

LAKE EDITH

A bit less populated than Lake Annette, but no less beautiful. Edith's 4.9 km path around is more ensconced in the trees, and the beach doesn't have quite as many amenities.

Location: Just north of Lake Annette, along the same road.

PYRAMID LAKE

Four beaches and lots of picnic areas with fire pits. This is a popular spot for fishing (pick up a fishing license and supplies at Online Sport and Tackle on Patricia Street on your way). Be sure to check out the iconic bridge connecting to Pyramid Island too!

Location: At the end of Pyramid Lake Road, approximately a 7 minute drive from town.

JASPER LAKE

If wading in the water is more your style, you might enjoy taking in the stunning views at Jasper Lake. Technically, this shallow body of water beside the highway is part of the Athabasca River, but the channel is so wide in this part that it's essentially a lake. With a parking lot, new outhouse bathroom and a stretch of beach, it makes a scenic pit stop on the way to or from JPL.

Location: Beside Highway 16, about 20 minutes from Jasper.

PATRICIA LAKE

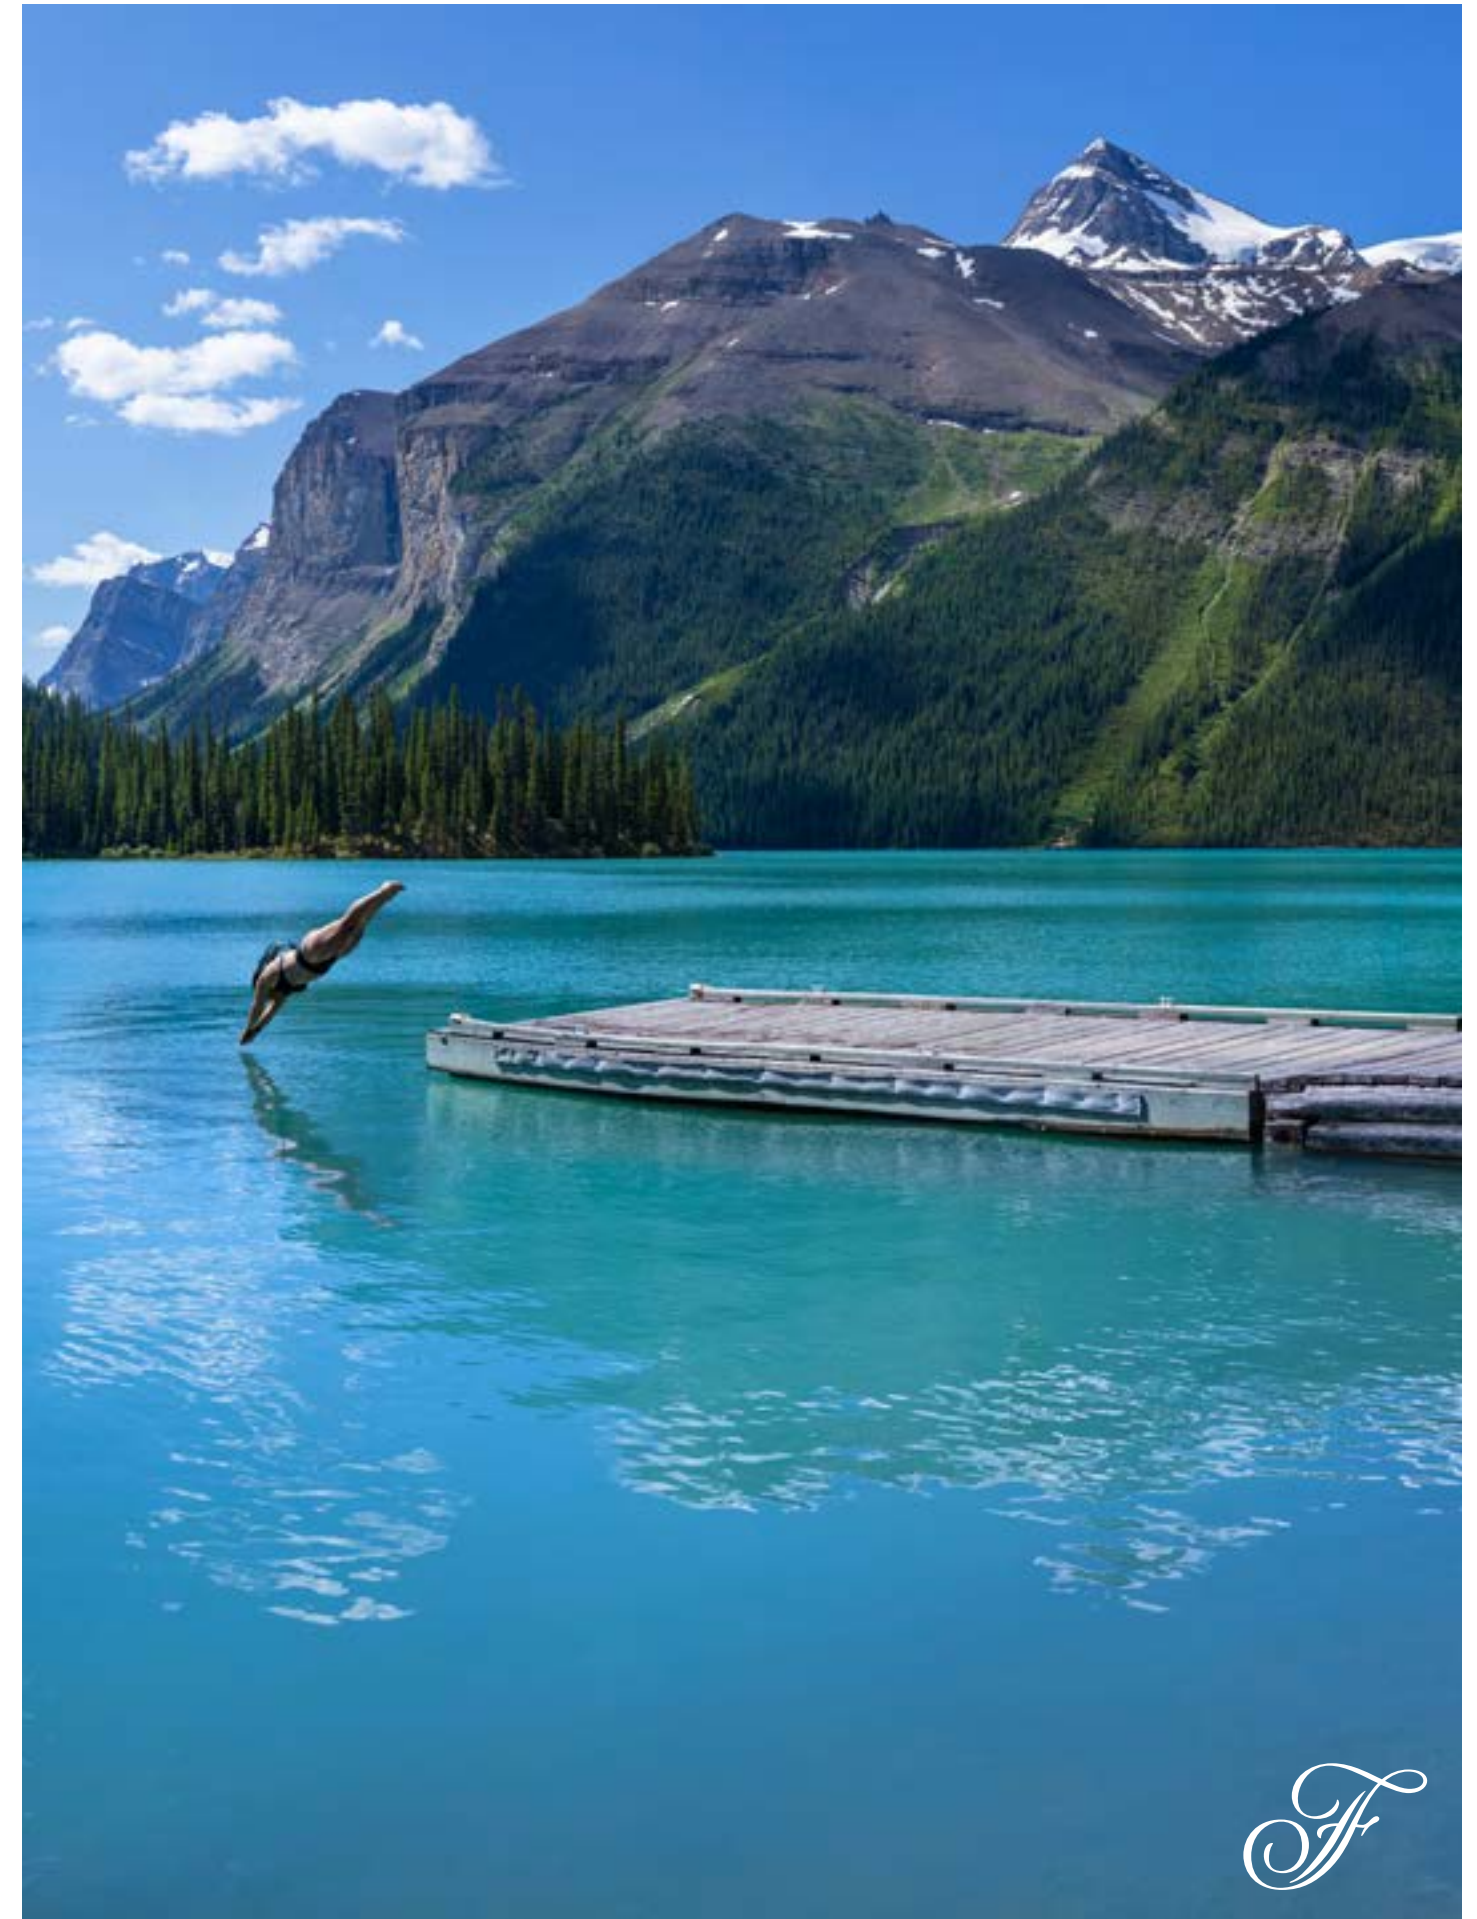

This companion area to Pyramid Lake offers picnic areas with fire pits and access to the lakeshore. A little less sandy here, but a little quieter too. Fishing is also popular on Patricia Lake.

Location: On left hand side of Pyramid Lake Road, just before Pyramid Lake.

POINTS OF INTERESTS

MEDICINE LAKE & MALIGNE LAKE

Just 15 km past Maligne Canyon is Medicine Lake, a unique body of water that vanishes each winter as it drains through a network of caves. Keep driving and you'll find Maligne Lake, the largest natural lake in the Canadian Rockies. Once there head out on short walk via the Moose Loop or Mary Schaffer Loop trails.

Directions: Medicine Lake is 15 km past Maligne Canyon on Maligne Lake Road. Maligne Lake is an additional 22 km drive.

ATHABASCA FALLS

The 23 metre Athabasca Falls is not very high by Canadian Rockies standards, but the size of the river makes it one of the most powerful falls to be found in the mountain national parks.

Directions: Drive 32 km south of Jasper on Highway 93. Turn right onto 93A North. The parking lot will be on your left in 600 m.

SUNWAPTA FALLS

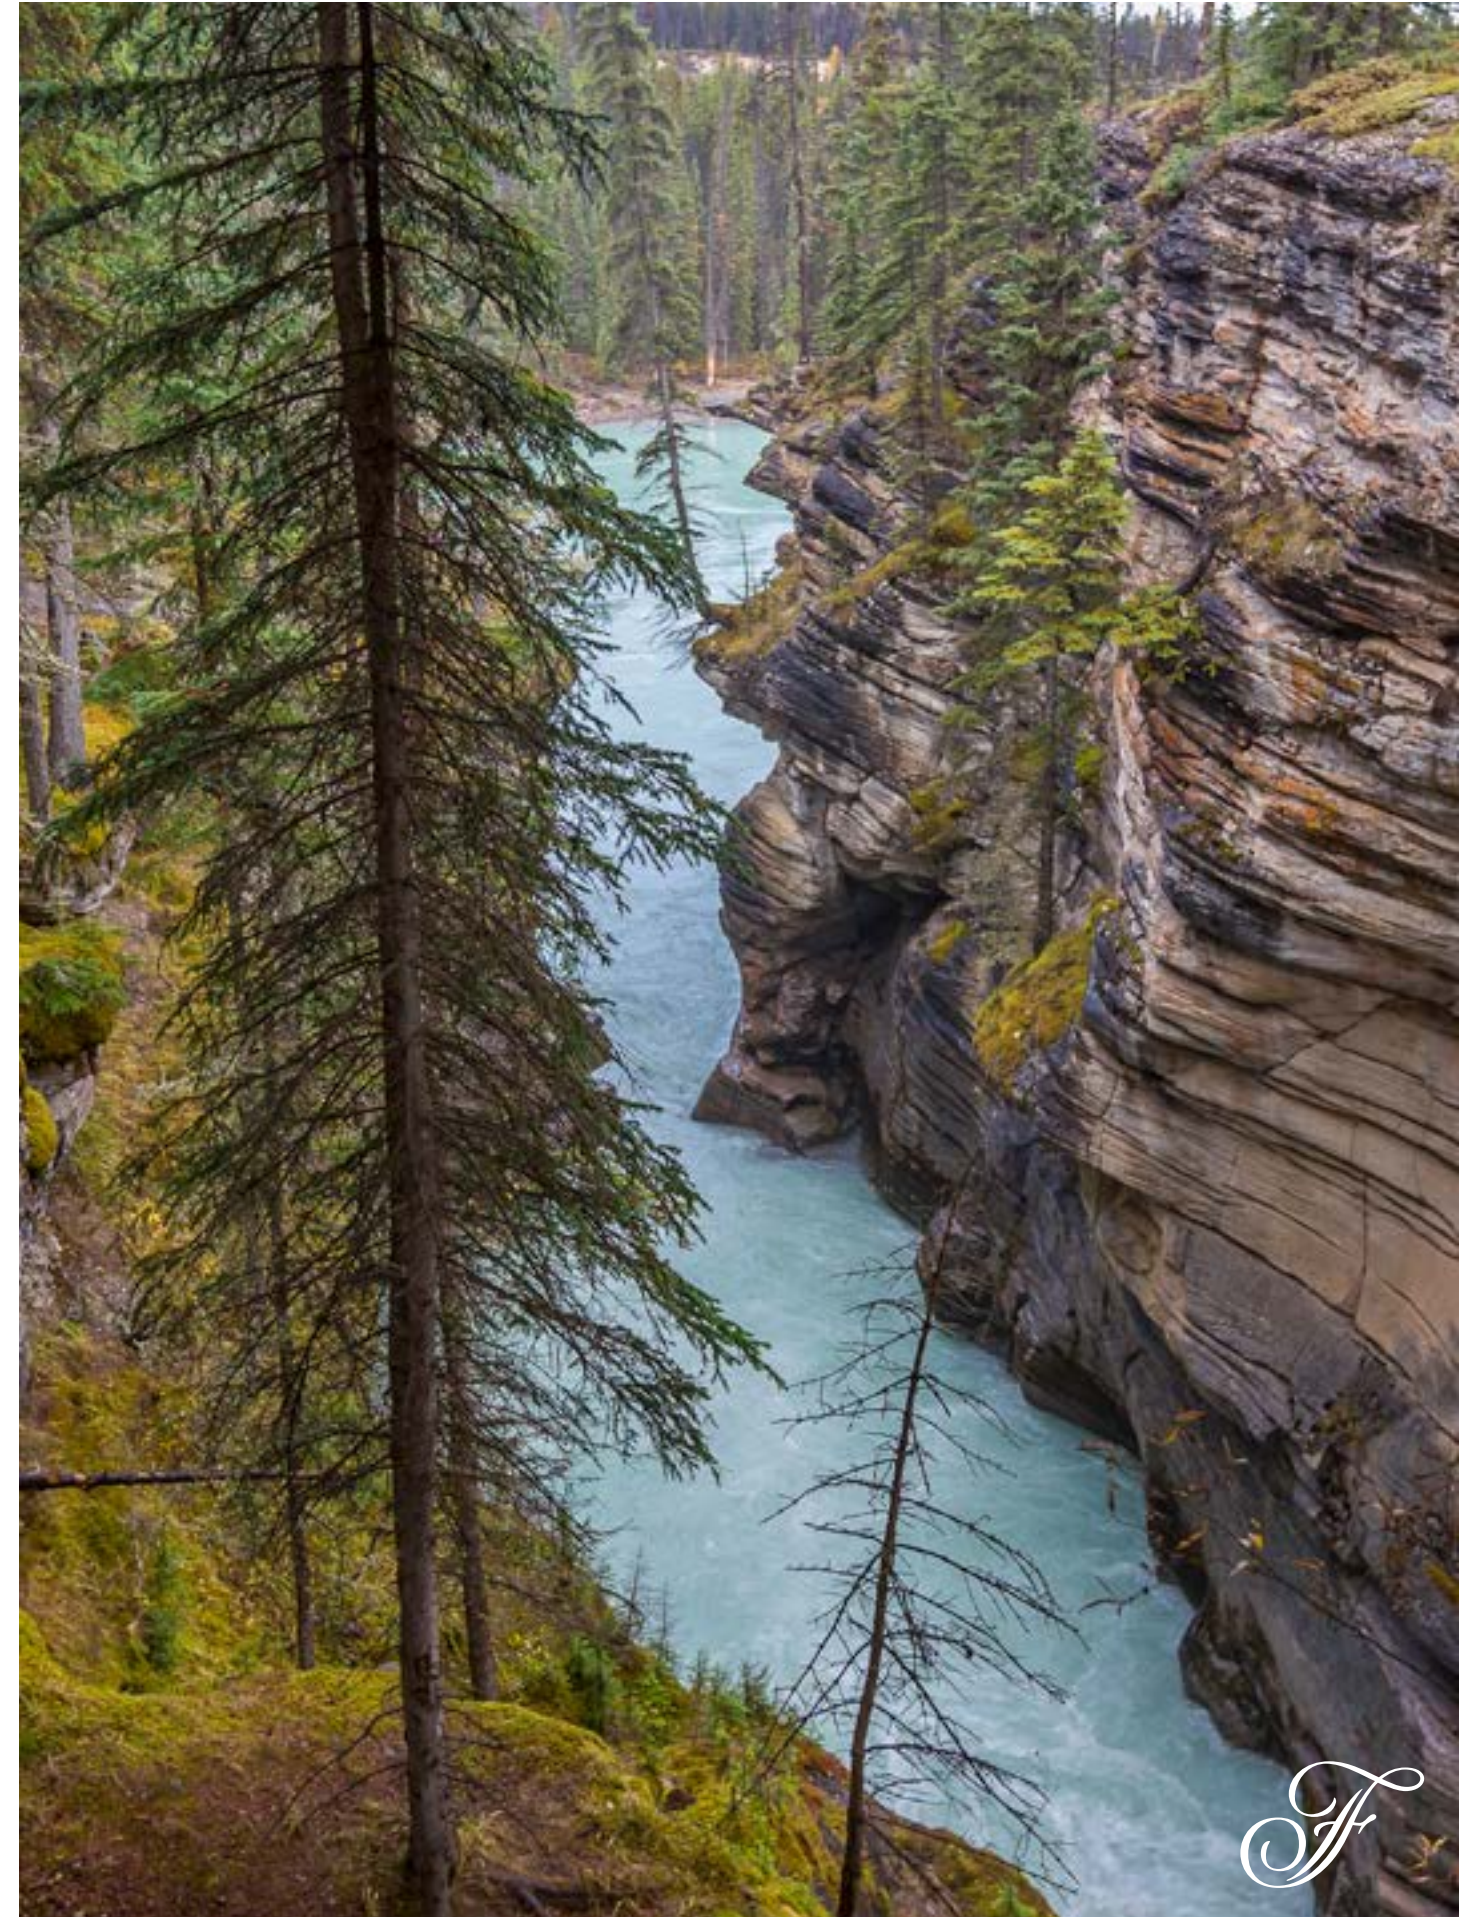

A spectacular stepping waterfall that has carved a deep limestone gorge out of the rock, made even more spectacular by a small island that divides the river.

Directions: Drive 53 km south of Jasper on Highway 93. Look for signage on the right hand side to turn towards Sunwapta Falls.
